## Marinator Accessory Kit (PN 16210)

for Broaster Model 620 Motorized Easy Breeder

### Kit Contents

- P/N 16195 – stirring paddle
- P/N 11146 – stopper & holder assembly
- P/N 16208 – marinator bags, 250-count
- P/N 16211 – product usage instructions

### Usage Instructions

1 Place marinator bag into breeder drum making sure bag is in contact with interior of drum. Insert stirring paddle into bag inside drum.

2 Seat paddle all the way into breeder drum. Make sure bag is not too snug in any one area. Drape excess bag length over side of drum.

3 With stirring paddle in place, randomly place 14 to 16 lbs. of fresh chicken inside the bag around both sides of the stirring paddle.

4 Premix marination solution using 6 oz. of Chickite® or Broasterie® marinade to 1 gallon of water. After placing chicken, pour premixed marinade solution into bag.

A quick, easy method for marinating your Broaster Foods®!

# PRODUCT USAGE INSTRUCTIONS

## Usage Instructions – Continued from Front Side

Seal bag by bunching top of bag so that the bag can be pulled through the holder. Pull bag through holder until snug but not tight.

Spread pleats of bag evenly around the inner perimeter of the holder, then insert stopper. Stopper must be pushed into holder until fully seated.

Place cover on drum and lock down the side clamps.

Place drum on turntable and set timer to 15 minutes.

9 Remove chicken and drain thoroughly to prepare for breading process. Dispose of marinator bag, then clean and sanitize drum, stirring paddle, and stopper.
